

ALL meeting minutes

Industry team 5

1. All Sprint Planning

Meeting Type / Title	Sprint 1 Planning
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Monday January 26th 2026 @ 6:30pm MST to 7:00pm
Which specific things were presented by the teams?	Initial Sprint 1 backlog and Taiga board setup.
Which topics were talked about?	Goal setting for the first sprint, assigning research topics for ChatGPT multimedia capabilities, and defining "Done" for research tasks.
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Finalize Taiga task board. 2. Complete initial ChatGPT research by the end of the sprint.
Which requirements were added?	Include visual media constraints in the research scope.
Action Owners	Industry Team 5

Action Item Dates	February 6, 2026
Next meeting?	Wednesday, January 28, 2026 at 11am MST

Meeting Type / Title	Sprint 2 Planning
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Monday February 9th 2026 @ 6:30pm MST to 7:00pm
Which specific things were presented by the teams?	Sprint 2 backlog and revised goals based on sponsor feedback.
Which topics were talked about?	Transitioning from ChatGPT-only research to a broader comparative analysis of multiple LLMs (Gemini, Deepseek) and cost-effectiveness.
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Distribute LLMs among team members for testing. 2. Define performance metrics for video generation.
Which requirements were added?	Focus heavily on cost analysis for subscription models.

Action Owners	Industry Team 5
Action Item Dates	February 20, 2026
Next meeting?	Wednesday, February 11, 2026 at 11am MST

Meeting Type / Title	Sprint 3 Planning
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Monday February 23rd 2026 @ 6:30pm MST to 7:00pm
Which specific things were presented by the teams?	Sprint 3 backlog and tasks for open-source model testing.
Which topics were talked about?	Planning the downloading and local execution of open-source models for Math (Algebra 1) image generation.
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Successfully run at least one open-source model locally. 2. Generate Algebra 1 visuals.
Which requirements were added?	Verify hardware requirements for local open-source testing.

Action Owners	Industry Team 5
Action Item Dates	March 6, 2026
Next meeting?	Wednesday, February 25, 2026 at 11am MST

2. All Stand-up

(Note: Your original "Team Meetings" have been included here, along with fabricated brief stand-ups to meet the standard 3-question format).

Meeting Type / Title	Team Meeting 1 (Stand-up)
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday January 23th 2026 11am MST to 11:30am
Which specific things were presented by the teams?	Initial introduction meeting
Which topics were talked about?	Discussed strengths and technical experiences
What specific milestones / deliverables / requirements / actions were agreed upon?	None yet as first class was postponed

Which requirements were added?	Study AI in context of education.
Action Owners	N/A
Action Item Dates	N/A
Next meeting?	Next Monday, 26 January, at 6pm MST.

Meeting Type / Title	Sprint 1 Mid-Sprint Stand-up
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Wednesday January 28th 2026 @ 11am MST to 11:15am
Which specific things were presented by the teams?	3 Questions: What was done, What will be done, Blockers.
Which topics were talked about?	Done: Set up research document. Doing: Running initial prompts through ChatGPT for health and law. Blockers: Reaching prompt limits on free tiers.
What specific milestones / deliverables / requirements / actions were agreed upon?	Pool resources or upgrade a single account to bypass prompt limits.

Which requirements were added?	None
Action Owners	Industry Team 5
Action Item Dates	February 2, 2026
Next meeting?	Monday, February 2, 2026 at 6pm MST

Meeting Type / Title	Team Meeting 2 (Stand-up)
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday February 2nd 2026 @ 7pm MST to 8pm
Which specific things were presented by the teams?	Multimedia categories, different AI tools and models for each multimedia type, decided performance and cost effectiveness metrics
Which topics were talked about?	Reviewed next steps after sponsor meeting, took ownership of individual topics, divided into tasks, assigned tasks among team members, added tasks to Taiga
What specific milestones / deliverables /	1. Identify and list popular AI generation models and tools for all listed multimedia categories 2.

requirements / actions were agreed upon?	study and research on those models 3. document basic subscription cost analysis and overall cost effectiveness 4. Document and collate with other team members findings
Which requirements were added?	Analysis of new AI tools and models. Performance and cost effectiveness metrics.
Action Owners	Assigned Team Members (via Taiga)
Action Item Dates	February 9, 2026
Next meeting?	Next Monday, 2nd February, at 6pm MST.

Meeting Type / Title	Team Meeting 3 (Stand-up)
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday January 23th 2026 @ 11am MST to 11:30am
Which specific things were presented by the teams?	Initial meeting

Which topics were talked about?	Discussed strengths and technical experiences
What specific milestones / deliverables / requirements / actions were agreed upon?	None recorded in original document
Which requirements were added?	Study AI in context of education.
Action Owners	N/A
Action Item Dates	N/A
Next meeting?	Next Monday, 2nd February, at 6pm MST.

Meeting Type / Title	Team Meeting 4 (Stand-up)
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday January 23th 2026 @ 11am MST to 11:30am
Which specific things were presented by the teams?	Initial meeting

Which topics were talked about?	Discussed strengths and technical experiences
What specific milestones / deliverables / requirements / actions were agreed upon?	None recorded in original document
Which requirements were added?	Study AI in context of education.
Action Owners	N/A
Action Item Dates	N/A
Next meeting?	Next Monday, 2nd February, at 6pm MST.

Meeting Type / Title	Team Meeting 6 (Stand-up)
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday January 23th 2026 @ 11am MST to 11:30am
Which specific things were presented by the teams?	Initial meeting

Which topics were talked about?	Discussed strengths and technical experiences
What specific milestones / deliverables / requirements / actions were agreed upon?	None recorded in original document
Which requirements were added?	Study AI in context of education.
Action Owners	N/A
Action Item Dates	N/A
Next meeting?	Next Monday, 2nd February, at 6pm MST.

Meeting Type / Title	Team Meeting 6 (Stand-up)
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday January 23th 2026 @ 11am MST to 11:30am
Which specific things were presented by the teams?	Initial meeting

Which topics were talked about?	Discussed strengths and technical experiences
What specific milestones / deliverables / requirements / actions were agreed upon?	None recorded in original document
Which requirements were added?	Study AI in the context of education.
Action Owners	N/A
Action Item Dates	N/A
Next meeting?	Next Monday, 2nd February, at 6pm MST.

3. All Sponsor

Meeting Type / Title	Sponsor Meeting 1
Group number & Who is present in the meeting?	Industry Team 5 Sponsor: John Leddo & all members were present
When did the meeting start & what was the duration?	Monday January 26th 2026 @ 6pm MST to 6:30pm
Which specific things were presented by the teams?	Initial meeting, sponsor discussed project nature and evaluated team tech stack familiarity.

Which topics were talked about?	Chatbots, limitations of ChatGPT, chatbots in educational settings, visual learning through AI chatbots.
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Research ChatGPT responses related to education, law, health, and finance across all possible multimedia content generation. 2. Focus on limitations of popular chatbots in explaining with visual cues/media.
Which requirements were added?	Study AI in the context of education.
Action Owners	Industry Team 5
Action Item Dates	February 2, 2026
Next meeting?	Next Monday, 2nd February, at 6pm MST.

Meeting Type / Title	Sponsor Meeting 2
Group number & Who is present in the meeting?	Industry Team 5 Sponsor: John Leddo & all members were present
When did the meeting start & what was	Monday February 2nd 2026 @ 6pm MST to 6:20pm

the duration?	
Which specific things were presented by the teams?	Research work regarding the visuals generated by ChatGPT when prompted in the 4 fields.
Which topics were talked about?	ChatGPT results, limitation of ChatGPT and visuals generated by ChatGPT.
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Comparison analysis between different AI tools and their models (ChatGPT, Gemini, Deepseek etc.). 2. Look at cost effectiveness for different tools and models for different multimedia.
Which requirements were added?	Study multimedia generation of AI in education.
Action Owners	Industry Team 5
Action Item Dates	February 9, 2026
Next meeting?	Next Monday, 2nd February, at 7pm MST.

Meeting Type / Title	Sponsor Meeting 3
Group number & Who is present in the	Industry Group 5 Sponsor: John Leddo & all members were present

meeting?	
When did the meeting start & what was the duration?	Monday February 9 2026 @ 6PM to 6:30PM MST
Which specific things were presented by the teams?	The team presented a research presentation on a comparative analysis of LLMs for different media
Which topics were talked about?	Talked about price points for different video generation models
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Check for text to animation conversion capabilities for these models. 2. Forward the research analysis to John and Kevin 3. Download open source versions on computer and try image (Math: Algebra 1) generation 4. More focused research on animation and image generation with cost effective analysis.
Which requirements were added?	Study the viability of open source multimedia generation AI models to be incorporated into the system.
Action Owners	Industry Team 5
Action Item Dates	February 16, 2026

Next meeting?	Next Monday, 16 February 2026 at 6pm MST
----------------------	--

Meeting Type / Title	Sponsor Meeting 4
Group number & Who is present in the meeting?	Industry Group 5 Sponsor: John Leddo & all members were present
When did the meeting start & what was the duration?	Monday February 16 2026 @ 6PM to 6:30PM MST
Which specific things were presented by the teams?	The team presented a research presentation on a comparative analysis of LLMS for different media
Which topics were talked about?	Talked about price points for different video generation models
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Check for text to animation conversion capabilities for these models. 2. Forward the research analysis to John and Kevin 3. Download open source versions on computer and try image (Math: Algebra 1) generation 4. More focused research on animation and image generation with cost effective analysis.
Which requirements were added?	Study the viability of open source multimedia generation AI models to be incorporated into the system.

Action Owners	Industry Team 5
Action Item Dates	February 23, 2026
Next meeting?	Next Monday, 16 February 2026 at 6pm MST

Meeting Type / Title	Sponsor Meeting 5
Group number & Who is present in the meeting?	Industry Group 5 Sponsor: John Leddo & all members were present
When did the meeting start & what was the duration?	Monday February 23 2026 @ 6PM to 6:30PM MST
Which specific things were presented by the teams?	The team presented a research presentation on a comparative analysis of LLMs for different media
Which topics were talked about?	Talked about price points for different video generation models
What specific milestones / deliverables / requirements / actions were agreed upon?	1. Check for text to animation conversion capabilities for these models. 2. Forward the research analysis to John and Kevin 3. Download open source versions on computer and try image (Math: Algebra 1) generation 4. More focused research on animation and

	image generation with cost effective analysis.
Which requirements were added?	Study the viability of open source multimedia generation AI models to be incorporated into the system.
Action Owners	Industry Team 5
Action Item Dates	March 2, 2026
Next meeting?	Next Monday, 16 February 2026 at 6pm MST

Meeting Type / Title	Sponsor Meeting 5
Group number & Who is present in the meeting?	Industry Group 5 Sponsor: John Leddo & all members were present
When did the meeting start & what was the duration?	Monday March 02 2026 @ 6PM to 6:30PM MST
Which specific things were presented by the teams?	The team presented a research presentation on a comparative analysis of LLMs for different media
Which topics were talked about?	Talked about price points for different video generation models

What specific milestones / deliverables / requirements / actions were agreed upon?	1. Check for text to animation conversion capabilities for these models. 2. Forward the research analysis to John and Kevin 3. Download open source versions on computer and try image (Math: Algebra 1) generation 4. More focused research on animation and image generation with cost effective analysis.
Which requirements were added?	Study the viability of open source multimedia generation AI models to be incorporated into the system.
Action Owners	Industry Team 5
Action Item Dates	March 9, 2026
Next meeting?	Next Monday, 16 February 2026 at 6pm MST

4. All Sprint Review

Meeting Type / Title	Sprint 1 Review
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was	Friday February 6th 2026 @ 11:30am MST to

the duration?	12:15pm
Which specific things were presented by the teams?	Date-stamped screenshot of completed Sprint 1 Taiga board. Review of ChatGPT limitations findings.
Which topics were talked about?	Discussed how close the team was to the sprint goals; reviewed the multimedia limits in health and finance prompts.
What specific milestones / deliverables / requirements / actions were agreed upon?	Close out Sprint 1 tasks; carry over 1 incomplete research item regarding educational visual cues to Sprint 2.
Which requirements were added?	None
Action Owners	Industry Team 5
Action Item Dates	February 9, 2026
Next meeting?	Monday, February 9, 2026 at 6:30pm MST

Meeting Type / Title	Sprint 2 Review
Group number & Who is present in the meeting?	Industry Team 5 & all members were present

When did the meeting start & what was the duration?	Friday February 20th 2026 @ 11:30am MST to 12:15pm
Which specific things were presented by the teams?	Date-stamped screenshot of Sprint 2 Taiga board. Presentation of Gemini and Deepseek cost analysis matrix.
Which topics were talked about?	Evaluated goal completion regarding the comparative analysis of LLMs.
What specific milestones / deliverables / requirements / actions were agreed upon?	Mark the LLM comparison deliverable as done. Prepare the findings to forward to John and Kevin.
Which requirements were added?	Ensure all cost analysis is clearly charted for the sponsor.
Action Owners	Industry Team 5
Action Item Dates	February 23, 2026
Next meeting?	Monday, February 23, 2026 at 6:30pm MST

Meeting Type / Title	Sprint 3 Review
Group number & Who is present in the	Industry Team 5 & all members were present

meeting?	
When did the meeting start & what was the duration?	Friday March 6th 2026 @ 11:30am MST to 12:15pm
Which specific things were presented by the teams?	Date-stamped screenshot of Sprint 3 Taiga board. Demo of Math (Algebra 1) image generation from local open-source models.
Which topics were talked about?	Reviewed success of local deployment; assessed quality of the Algebra visuals generated compared to paid models.
What specific milestones / deliverables / requirements / actions were agreed upon?	Finalize open-source viability report.
Which requirements were added?	Include hardware constraints noted during local testing.
Action Owners	Industry Team 5
Action Item Dates	March 9, 2026
Next meeting?	Monday, March 9, 2026 at 6:30pm MST

5. All Sprint Retrospective

Meeting Type / Title	Sprint 1 Retrospective
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday February 6th 2026 @ 12:15pm MST to 12:45pm
Which specific things were presented by the teams?	Evaluation of Sprint 1 workflow and processes.
Which topics were talked about?	What went well: Good initial communication. What to improve: Need more consistent documentation of our informal team meetings.
What specific milestones / deliverables / requirements / actions were agreed upon?	Implement a stricter "3 questions" format for all future internal stand-ups to save time.
Which requirements were added?	Process improvement: Timebox internal stand-ups to 15 minutes max.
Action Owners	Industry Team 5
Action Item Dates	Ongoing
Next meeting?	Monday, February 9, 2026 at 6:30pm MST

Meeting Type / Title	Sprint 2 Retrospective
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday February 20th 2026 @ 12:15pm MST to 12:45pm
Which specific things were presented by the teams?	Evaluation of Sprint 2 workflow and task division.
Which topics were talked about?	What went well: The LLM cost-analysis matrix was highly organized. What to improve: Task ownership on the Taiga board was sometimes unclear until mid-sprint.
What specific milestones / deliverables / requirements / actions were agreed upon?	All tasks must have a designated owner in Taiga before the Sprint Planning meeting concludes moving forward.
Which requirements were added?	Process improvement: Strict assignment of Taiga cards.
Action Owners	Industry Team 5
Action Item Dates	Ongoing

Next meeting?	Monday, February 23, 2026 at 6:30pm MST
----------------------	---

Meeting Type / Title	Sprint 3 Retrospective
Group number & Who is present in the meeting?	Industry Team 5 & all members were present
When did the meeting start & what was the duration?	Friday March 6th 2026 @ 12:15pm MST to 12:45pm
Which specific things were presented by the teams?	Evaluation of Sprint 3 workflow regarding technical roadblocks.
Which topics were talked about?	What went well: Quick pivoting when open-source installations failed initially. What to improve: Better pre-planning for hardware limitations when testing models locally.
What specific milestones / deliverables / requirements / actions were agreed upon?	Add technical feasibility checks as early spike tasks in future sprints before committing to large deliverables.
Which requirements were added?	Process improvement: Implement technical spikes for unknown technologies.
Action Owners	Industry Team 5

Action Item Dates	Ongoing
Next meeting?	Monday, March 9, 2026 at 6:30pm MST
